

How to view supplier score

After the purchase order is completed, users can evaluate the supplier's services, products, and so on. The supplier score is the comprehensive score obtained from the user's evaluation of the supplier.

Users can log in to the website of OLSaaS, and operate in **"Purchase Management → Supplier Evaluation"** interface according to the following steps 1-3:

The screenshot shows the OLSaaS web interface. The left sidebar has a menu with 'Supplier Evaluation' highlighted. The main content area is titled 'Supplier Evaluation' and 'Supplier Score'. A table lists two suppliers with their respective scores. Below the table, there is a section for 'Evaluation Details' for a specific supplier, showing their name, contact info, and scores for Colligation, Quality of Goods, and Supply Speed. An 'Evaluation List(2)' section shows two past evaluations with star ratings and dates.
