

How to configure the crew salary structure

Users can log in to the website of OLSaaS, and operate in "Crew Cost → Crew Salary → Salary Setting → Salary Structure Setting" interface according to the following steps 1-5:

The screenshot shows the OLSaaS web interface. The navigation path is: Crew Cost → Crew Salary → Salary Setting → Salary Structure Setting. The 'Salary Structure Setting' page displays the following information:

Salary calculation rules are more detailed

Salary Calculation Rule: $[\text{Basic salary} + \text{Sum of All Wages}(\text{based on attendance})] \div \text{Standard Calculate Days this month} \times \text{Actual Working Days}$ (max. Actual Working Days = Standard Calculate Days this month) + Sum of All Wages(based on times)

Customized Standard Calculate Days Each Month(Natural month days by default, you can change below. However, shore-based crews always default to the number of days in the natural month)

Salary days of each month on board * You can custom standard calculate days each month after ticking
