

## How to view vessel oil stock on the web (document)

Users can log in to the OLISS Web side, go to the "Stock Management → Vessel Stock → Oil Stock" interface, and follow steps 1-3 as follows:

1. Click to enter the Vessel Stock/Oil Stock interface in turn

2. View current stock

3. Authorized personnel can edit the stock-in and stock-out of oil and the highest/lowest stock, and can also view the stock-in/out details

No.	Oil Name	Specification	Oil Type	Usage	Unit	Min/Max Stock	Current Stock	Total Price Excluding Tax	Operation
