

How to view the completion rate of maintenance tasks on the workbench (document)

Users log in to the OLISS Web side, enter the workbench by default, switch to the "Items Statistics" interface, find the "Maintenance Task Completion Rate" statistical chart, click "Details" in the upper right corner, enter the maintenance task statistics interface, enter the chart statistics interface by default, and the maintenance total statistics chart will be displayed by default. When the mouse moves to a specific vessel, the maintenance total and detailed numbers and percentages will be automatically displayed. Manually switch to the "List Details" interface, search for the target item by keyword or filter bar, click "Export", pop up the middle window, select the export month, and then click "Confirm" to export the maintenance task details summary table. In this form, you can fill in the text remarks as needed.

The screenshot displays the OLISS Web Workbench interface with three numbered steps indicating the navigation path:

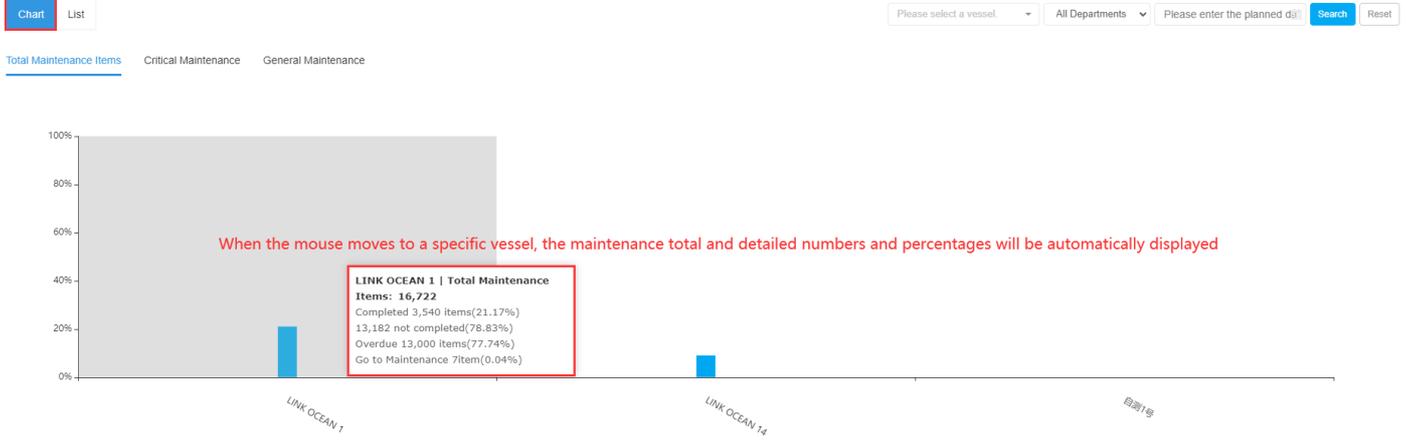

- 1. Users log in to the OLISS Web side, enter the workbench by default**: A red box highlights the "Workbench" button in the top navigation bar, with a red arrow pointing to it.
- 2. Switch to the "Items Statistics" interface**: A red box highlights the "Items Statistics" button in the "Cost Statistics" section, with a red arrow pointing to it.
- 3. Find the "Maintenance Task Completion Rate" statistical chart, click "Details"**: A red box highlights the "Maintenance Task Complete Rate" chart, and another red box highlights the "Details" button in its top right corner, with red arrows pointing to both.

The interface includes various data visualizations and filters:

- To-do List**: Summary of tasks with filters for All (715), Due (27), Overdue (645), and Reminders (43).
- Workflow Task (406)**: A row of task categories such as "Hidden Hazard Inspection Task—Execute(1)", "Disembark Request—Approve(6)", and "Crew Transfer—Approve(5)".
- Waiting Task (266)**: A row of task categories such as "Ves. Cert.(97)", "CO Cert.(1)", and "Crew Cert.-Lack(14)".
- Purchasing Data**: A bar chart showing counts for categories like "To Be Approved", "To Be Expired", and "Inquiry".
- Crew Tracking**: A stacked bar chart showing crew counts by duration (0-30 days, 30-90 days, 90-180 days, 180-250 days, More than 250 days) for vessels like "LINK-OCEAN 1".
- Maintenance Task Complete Rate**: A line chart showing completion percentages for vessels like "LINK-OCEAN 1" for the period 2025-02.

4. enter the chart statistics interface by default, and the maintenance total statistics chart will be displayed by default

5. Manually switch to the "List" interface

6. Search for the target item by keyword or filter bar
