

How to view the daily schedule details of crew members (document)

Users log in to the OLISS Web side, click to enter the "Crew Management → Crew Schedule" interface in order, default to enter the Crew Schedule List interface, manually switch to the "Daily Schedule" interface, and can filter the crew schedule details of the vessel and date to be viewed in the filter bar

The screenshot displays the OLISS Web interface for viewing crew schedule details. The interface includes a top navigation bar with the company logo (互海科技), a search bar, and user information (Workbench 29038, Vessel Monitor, Find, Switching System, EN, and user profile 孙红梅). The main content area is divided into a left sidebar and a central panel. The sidebar contains a dropdown menu for "Crew Management" and a list of options: Crew Info, Resume Update, Crew Arrangement, Crew Attendance, Disembark Request, Crew Transfer, Crew Incident, Crew Tracking, Crew Evaluation, and Crew Schedule. The central panel shows the "Crew Schedule List" interface with tabs for "Monthly Schedule", "Monthly Status", and "Daily Schedule". A "Daily Schedule" button is highlighted with a red box and an arrow pointing to it, with the annotation "3. Manually switch to the 'Daily Schedule' interface". Below the tabs, there is a filter bar with a vessel dropdown menu (LINK OCEAN 1) and a date dropdown menu (2025-02-17), both highlighted with red boxes and an arrow pointing to them, with the annotation "4. You can filter the crew schedule details of the vessel and date to be viewed in the filter bar". The main content area displays a table with columns for "No.", "Crew/Rank", and a 24-hour schedule bar. The first row shows crew member "1" with rank "船医 Master". The schedule bar shows work time (blue) and rest time (grey) for each hour. A "Rest Time Within 24 hours(h): 16" is displayed. A "Remarks" field with a "Please enter" placeholder is also visible. A "Crew Schedule" button is highlighted with a red box and an arrow pointing to it, with the annotation "1. Click to enter the crew schedule interface".
