

How to edit repair settlement on the web side (Document)

The OLISS supports repair settlement types such as voyage repair and yard repair.

The user logs into the OLISS web side, and clicks "Repair Management → Repair Settlement" in order to enter the repair settlement interface. The target document (status "To be Settled") can be found through keywords or the filter bar. Click the "Edit" button on the right side of the target document to enter the details interface: where you can view basic information about the settlement item, fill in the closing cost and settlement remarks, upload attachments as needed, and then click "Submit".
