

## How to view supplier quotes on the web side (document)

In order to facilitate procurement personnel to timely understand the supplier's quotation situation and grasp the procurement progress, the OLISS system has newly launched a quotation reminder function. After the supplier quotes, the quotation frequency indicator will appear on the RFQ, and a "Receive Quotation" reminder will appear at the bottom of the inquiry management interface.

Users can log in to the OLISS Web side and follow steps 1-4 in the "Purchasing Management → Inquiry Management" interface.

The screenshot displays the OLISS web interface, specifically the "Inquiry Management" section. The interface includes a sidebar with navigation options and a main content area with a table of inquiries. Annotations and red boxes highlight the following steps:

- Step 1:** Click to enter the "Inquiry Management" interface. (Indicated by a red box around the "Inquiry Management" link in the sidebar.)
- Step 2:** Quickly query the target document by keywords or other filtering conditions. (Indicated by a red box around the search filters at the top of the table.)
- Step 3:** After the supplier quotes, a small speaker reminder will appear in the lower left corner of the interface, and the target RFQ will also have a quotation frequency indicator. (Indicated by a red box around the "Receive Quotation(3)" notification and a red circle around the "2 quotation feedbacks" indicator in the table.)
- Step 4:** Click "Click to Check" after the small speaker in step 3, and a pop-up window will appear on the left side, where you can click on the specific RFQ to view the details. (Indicated by a red box around the "View Only Unread(3)" button and a red box around the "View Details" link in the pop-up window.)

The table lists inquiries with columns: No., RFQ No., RFQ Name, Inquiry Mode, Purchase Appl No./Appl, Purchase Plan Type, Vessel, Number of inquiry items, Number of Inquiry Suppl., Qty of Feedback, Status, and Operation. The table shows several inquiries, with the status "In the Inquiry" and "The quotation has been closed" appearing for some entries.

The pop-up window on the left shows a list of inquiries with details such as "来自 [A20241113] 的报价单" and "报价单: 备件询价单P24111302 (累计收到 1 家报价)". It includes a "View Details" link for each entry.
