# How to approve invoice (document)

1. Purchase Orders Interface

Users can find the order in the "Purchase Orders" module by information such as the order number, and approve it on the PO details page; they can also find the invoices pending approval by clicking **"Invoice Collation — Approve"** displayed on the **Workbench** and conduct the approval.During the approval process, information such as invoice details can be modified. Approvers can also click "Details" to check additional costs on the order details page. Then click 'Accept' or 'Reject' for the approval.
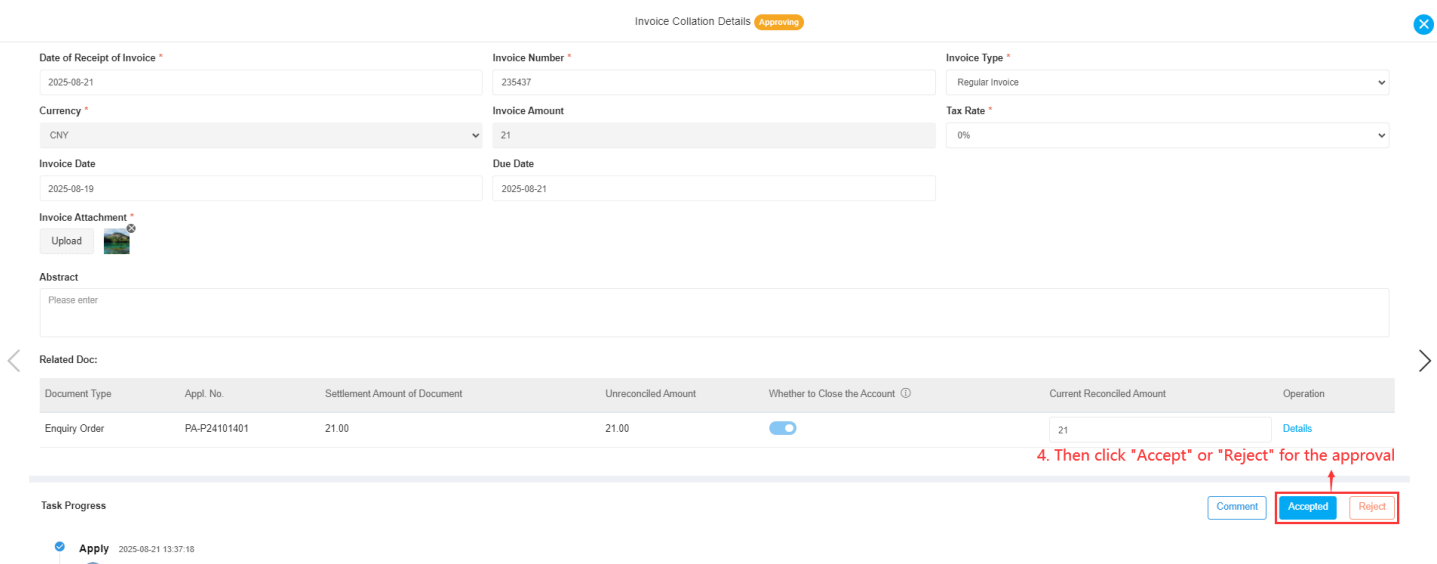

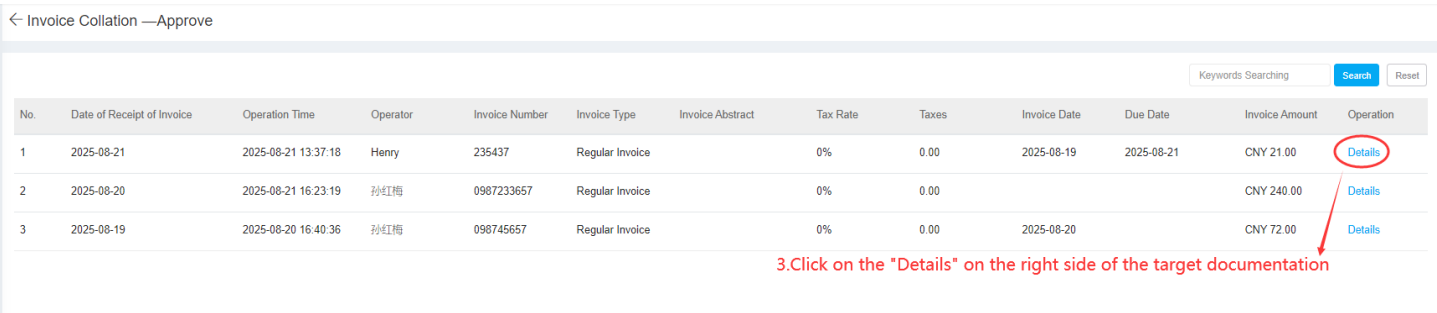

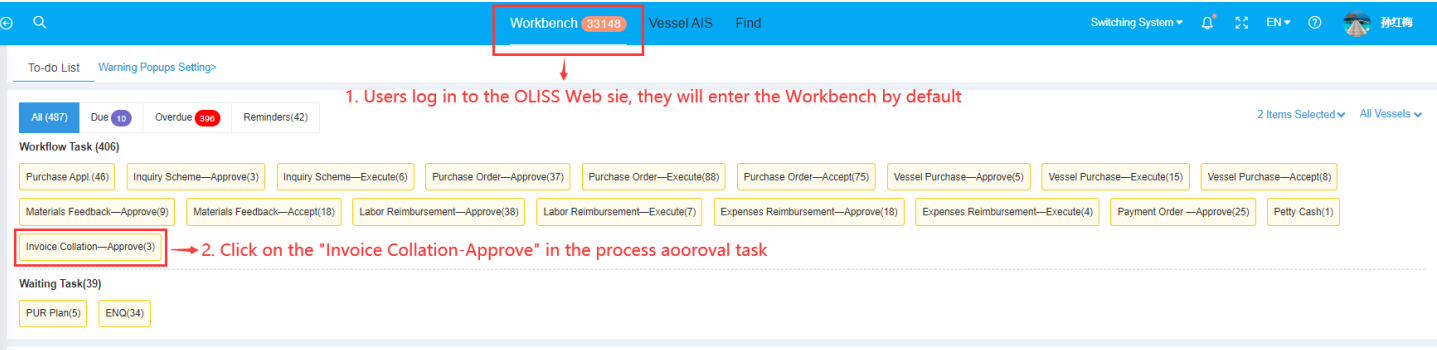

2.Within the Accounting Management module

In the **Expense Management-Accounting Management** module，find the specific supplier in the supplier list，then click "Details".

On the **"Invoice List"** page, click **"Invoice Collation"**, fill in information such as invoice number and invoice type, upload the invoice attachment, and click **"Select Associated Documents"**. After checking the corresponding orders, click "Next", fill in the "Current Reconciliation Amount" and click "Confirm".

Please select POs and payables.
