

How to add the "Stock-in" and "Remarks" fields to the Web-based Stock-in/out Details Interface (Document)

Users log in to the OLISS Web side, click in sequence to enter the "Stock Management → Stock-in/out Details" interface, click the "Settings" button on the right side of the list, a pop-up window for middle list settings will appear, check "Stock-in Place" and "Remarks" in the "Select Configurable Fields", the checked fields will automatically be displayed in the "Configure Field Sorting" on the right side, dragging the mouse up and down can adjust the field sorting, then click "Save", and the newly added fields will be displayed in the list fields.

The screenshot displays the OLISS Web interface. On the left, the 'Stock Management' menu is expanded, showing options like 'Vessel Stock', 'Shore-based Stock', 'Stock-taking', 'Store Migrate', 'Stock Transfer', 'Stock-in Management', 'Stock-out Management', and 'Stock-in/out Details'. The 'Stock-in/out Details' option is highlighted with a red box and an arrow pointing to it, with the text '1. Click in sequence to enter the "Stock-in/out Details" interface' below it. The main area shows a table of stock items with columns: No., Spare Parts Name, Component Info, Unit, Inventory Object, Dept., Spare Part Code/Specification/Drawing No., Type, Quantity, Stock-in Place, Remarks, and Alter. The table contains 8 rows of data. At the top right of the table, there is a 'Settings' button highlighted with a red box and an arrow, with the text '2. Click "Settings"' above it. The table also includes an 'Export' button and a 'Display Only Critical Spare Parts' checkbox.

No.	Spare Parts Name	Component Info	Unit	Inventory Object	Dept.	Spare Part Code/Specification/Drawing No.	Type	Quantity	Stock-in Place	Remarks	Alter
