

## Web 端如何导出某天船员作息详情（文档）

用户登录互海通 Web 端，在“船员管理→船员作息时间”界面，可按照以下步骤 1-5 进行操作：

The screenshot shows the 'Crew Rest Schedule' (船员作息时间) interface. The interface includes a left sidebar with a menu, a top navigation bar, and a main content area with a table of crew members and their rest schedules. Red boxes and arrows highlight the following steps:

- 1、依次点击至船员作息时间 (Click sequentially to Crew Rest Schedule)
- 2、切换至船员作息时间界面 (Switch to Crew Rest Schedule interface)
- 3、点击每天作息 (Click Daily Rest)
- 4、在筛选框中筛选出需要的内容 (Filter the content you need in the filter box)
- 5、点击导出每天作息即可 (Click Export Daily Rest Schedule)

The interface shows a table with columns for crew member ID (#), name, and position. The table lists four crew members: 1 (12, 船长), 2 (船长), 3 (丁大章, 船长), and 4 (顾中鼎). Each row shows a 24-hour rest schedule with a legend for '工作时间' (Working Time) and '休息时间' (Rest Time). The 24-hour schedule is shown as a bar chart where blue indicates working time and grey indicates rest time. The 24-hour rest time is 17.5 hours for all crew members. The interface also includes a search bar, a date selector (2021-08-18), and a '导出每天作息' button.
