How to preset templates and their effective time (document)

Users log in to the OLISS Web side and click to enter **"Crew Management \rightarrow Crew Schedule"** Interface, by default, enter the "Crew Schedule List \rightarrow Monthly Schedule" interface, which can quickly search for ships, dates, and crew members through the filter bar. Click "Edit" on the right side of the target crew member to enter the monthly schedule details interface, click "Template Information", pop up the middle window, select the preset new template, preset template effective time, and finally click "Submit"
