

How to view shore-based marine stores stock (document) on the web side

Users can log in to the OLISS Web side and follow steps 1-4 in the "Stock Management → Shore-based Stock → Stores Stock" interface.

The screenshot displays the OLISS web interface for 'Stores Stock'. The interface includes a navigation menu on the left, a main content area with a table of stock items, and a top navigation bar. Red boxes and arrows highlight the steps to view the current stock.

1. Click to enter the shore-based stock interface in turn

2. Switch to the stores stock interface

3. Click to jump out of the right interface

4. View current stock
