

How to accept the oil inspection on the web side (Document)

According to the approval process and inspection plan, after the completion of the oil inspection task, the documents will be transferred to the workbench with acceptance authority for approval.

Users can log in to the OLISS web side and follow the following steps 1-6 on the workbench interface:

The screenshot displays the OLISS web interface. At the top, the 'Workbench' tab is highlighted with a red box and labeled '1. Log in to the OLISS web side and enter the workbench interface by default'. Below this, the 'Workflow Task (223)' section shows a list of tasks, with 'Oil Inspection—Accept(2)' highlighted by a red box and labeled '2. Click "Oil Inspection - Accept" under the workflow task'. The 'Waiting Task(11050)' section shows a list of tasks, with 'Oil Inspection(2)' highlighted by a red box and labeled '3. Click on the target record'. The 'Oil Inspection—Accept' task details are shown below, including a table of inspection records. The first record, 'FC2406290001', is highlighted by a red box and labeled '4. Fill in feedback comments or upload the attachment as needed'. The 'Feedback Comments' section is also highlighted by a red box and labeled '4. Fill in feedback comments or upload the attachment as needed'. At the bottom, the 'Task Progress' section shows a list of tasks, with the 'Accept' button highlighted by a red box and labeled '5. Accept or reject according to the actual situation, and comment operation can also be carried out'.
