

How to check the voyage completion

In order to facilitate shore-based personnel to query the completion of voyage and report to enterprises, "Voyage Management" in OLSaaS is divided into: Voyage Plan and Voyage Report. After the voyage is completed, the report will be automatically generated.

Users can log in to the website of OLSaaS, and operate in "Voyage Management → Voyage Report" interface according to the following steps 1-3:

The screenshot displays the "Voyage Report" interface. The left sidebar shows the navigation menu with "Voyage Report" selected. The main content area features a table with the following data:
