

How to add our company's work experience in the crew information interface (document)

Users log in to the OLISS Web side , click to enter the "Crew Management → Crew Info." interface in order. When there are many crew members, they can quickly find the target crew members through the filter bar. Clicking on any position of the target crew members can enter the crew information details interface, which displays the "Basic Info." interface by default. Users can manually switch to the "Work Experience" interface, click "Add Work Experience", and a pop-up window for adding new work experience will appear. If you choose to add work experience from this company, fill in the work ship, select the relevant information such as work period and position (with * Required/Required), then click "Confirm" to complete the addition of work experience in our company.

After the company's work experience is created, it can be modified or deleted as needed.

The screenshot displays the OLISS Web interface for Crew Management. The top navigation bar includes '互海科技', 'Workbench 28894', 'Vessel Monitor', and 'Find'. The left sidebar shows 'Crew Management' and 'Crew Info.'. The main area shows a table of crew members with columns: No., Crew Name, ID, ID Photo, Age, Rank, Cert Level, Vessel, Crew Type, Sign-of, and Operation. Annotations include: 1. Click to enter the Crew Info. interface in order (pointing to the Crew Info. link); 2. When there are many crew members, they can quickly find the target crew members through the filter bar (pointing to the filter bar); 3. Clicking on any position of the target crew members can enter the crew information details interface (pointing to a crew member row). Below the table, the 'Crew Info Details' interface for '翟三管' is shown, with tabs for Basic Info, Bank Card Info, Work Experience, Crew Cert, Crew Contact, Crew Evaluation, Crew Tracking, and Training Records. The 'Work Experience' tab is active, showing an 'Add Work Experience' button and a table with columns: No., Company Name, vessel info., Rank, Working Period, and Operation.
