

## How to enable or cancel SMS report template

Users can log in to the website of OLSaaS, and operate in "SMS Management → Operation Record → SMS Task Setting" interface according to the following steps 1-4:

1. Click in turn to enter "SMS Task Setting" interface

2. After finding the target item, click "Edit" on the right

Scroll the mouse to the lower side of the editing interface. Edit

3. After selecting the related system file, "Set Report Template" will automatically appear in the list. Click it to start the report template, and click it again to cancel setting template.

4. Click "Confirm"
