How to add a voyage repair item on the web side (Document)

Users can log into the OLISS web side and click "Repair Management-Voyage Repair" to enter the voyage repair interface. Click on "Add", a pop-up window will appear on the right side. Within this window: select the vessel, department, priority level, repair equipment/items, belonging company, and choose the service provider. Fill in the repair reason and the repair quotation. You can also fill in relevant information such as quotation remarks (with * required). Then click "Confirm". In the approval process selection window, choose the approval process and fill in the order notes as needed. Finally, click "Confirm".
