## How to complete in advance or cancel the repair plan

After the application is approved, it will automatically become a repair plan(The document will be in "Repair Plan" interface).

Users can log in to the website of OLSaaS, and operate in "Repair Management  $\rightarrow$  Repair Plan" interface according to the following steps 1-3:

🥌 扬州高银						Workbench 1971 Vessel Monitor Find Help					Switd		x 🛛 🧯	9 互为利技-高级
A Recruitment Management	>	Repai	r Plan			2.If there are many documents, you can quickly find the target documents through the filter bar								
1 Maintenance		You h	ave 1 repair plans tha	t have not been s	submitted.	(such as vessel, department, repair type, etc.)					Please Enter Repair Item Q Reset G			
P Repair	~		Repair Eqpt./Items	Appl. No.	Vessel 👻	Dept. 👻	Applicant/Apply Date	Advised Repair Type 👻	Priority Level 👻	Planned Repair I	Planned Repair Place	Repair Item Name	Repair Rea	sor Operation
Repair Application	l		手动小吊 ①	RA-23021301	长胜号	Deck Dept.	互海科技·高银/2023- 02-13	Voyage Repair	Urgent	2023-02-20		0212	故障	Finish   Cancel
Repair Plan 1.Click in turn to enter the repair plan interface. 3. Click "Finish" or "Cancel" according to ac														to actual needs
Repair Scheme														

You can also enter "Repair Plan" interface from "Workbench  $\rightarrow$  Waiting Task  $\rightarrow$  Repair Plan(To Be Arranged), as shown in the following figure:
